

Awning Fabric

Patio 500® performance composite PVC textile is engineered for commercial and residential awnings and canopies. It incorporates specially formulated flexible polymer technology and a high tenacity polyester substrate. It is suitable for sewing, welding, digital printing and fabrication by various means common in the awning fabrication industry. In addition to its durability, Patio 500® Awning Fabric is a commercial grade PVC fabric that carries a five (5) year manufacturer's warranty against UV degradation or fading. It is mildew, stain and dirt-resistant.

545 Ruby

Awnings and canopies fabricated with Patio 500® offer their owner confidence that their awning canopy will stay water-proof, tight on the frame and stay inherently fire resistant. With a properly engineered frame support structure, Patio 500® is suitable for year round snow load and wind load requirements. Awnings made with Patio 500® Awning Fabric will provide years of useful weather and sun protection.

Patio 500® is the perfect choice for awnings and canopies, both commercial and residential. This fabric has exceptional resistance to mildew and UV degradation. Patio 500® has a matte finish that combines long-lasting good looks with exceptional dimensional stability and superior strength. Patio 500® fabrics are heat sealable and can be decorated with signage and graphics using various methods including; heat-sealed and inset fabrics, silk screening, hand painting and applique.

- Endless Array of Colors
- Custom Colors Available
